

PAN AMERICAN EXPOSITION.

Buffalo, New York, May 1 to November 1, 1901—Some of the Magnificent Buildings Under Construction for the Exposition.

THE STATE DOCTORS.

Dr. Southgate Leigh's Paper Before Virginia Medical Society.

The Annual Session Closed Thursday Night With a Banquet—Honorary Fellows Elected—Forty-eight New Members Proposed and Accepted.

(Special to Virginian-Pilot.)
Charlottesville, Va., Oct. 26.—The doctors closed their meeting Thursday night with a banquet at the Gleason. The attendance at this meeting was very gratifying and an enjoyable and instructive gathering was the result.

DR. LEIGH'S PAPER.
At the meeting Thursday afternoon Dr. Southgate Leigh, of Norfolk, who presided in the absence of the president by special request, read a very able paper, entitled "Treatment of Compound Fractures." He illustrated his subject by X-ray photographs. Dr. Leigh's paper being of general interest, we publish a brief synopsis. He said, in part:

"That the treatment of compound fractures was of general importance to the general practitioner, especially to the country physician, who may at any time be called upon to perform an emergency operation for the relief of such cases."

The principal object of the paper was to enter a solemn protest against indiscriminate amputation of limbs, and to urge upon the profession the extreme importance of making every possible effort to save an injured limb. "An amputation should never be done so long as the circulation of the blood in the part is sufficiently good to keep it alive."

Dr. Leigh illustrated this by citing a case in which a brakeman's elbow was crushed into a pulp, but the main artery and nerve was not injured. He made an artificial joint and by subsequent X-ray examination found an almost perfect elbow joint. He cited numerous other cases of personal experience.

Dr. Leigh called special attention to the new treatment of these fractures, consisting of the disinfecting and closing of the wound before exploratory operation. He described in detail the operation for compound fracture of the leg, saying that if properly and carefully followed, the results should be eminently satisfactory. He emphasized the use of the X-ray from time to time, subsequent to the operation, in order to watch the progress of the knitting of the bones.

Dr. Leigh remarked that he believes that in all surgical work more attention ought to be paid to the patient's healing powers, and especially in cases of this kind. Good nourishing food should be given and plenty of pure water to drink, as well as proper stimulants. Dr. Leigh concluded his able paper by stating that in the large number of cases which he has treated in his own practice, the results have been "most gratifying and uniformly successful" in his application of the new method.

HONORARY FELLOWS.
Before adjournment the following honorary fellows, non-residents of Virginia, were unanimously elected:

Dr. Morris H. Richardson, of Boston; Dr. Edward Park Davis, of Philadelphia; Dr. John H. Hussey, of Philadelphia.

PETERSBURG.
A RAILROAD WRECK—THREE BUILDINGS BURNED.
(Special to Virginian-Pilot.)
Petersburg, Oct. 26.—A wreck occurred late last evening at McKenney's, a station on the Seaboard Air Line Railway, in Dinwiddie county. Six cars of a southbound freight train were badly demolished and one man, whose name could not be learned, was badly injured. The track was torn up for some distance and all trains were delayed several hours.

MILLS BURNED.
The gin house, grist mill and planing mill of Mr. W. G. Seavell, near Hilda, in Sussex county, were destroyed by fire at an early hour yesterday morning with their contents. The fire is supposed to have been of incendiary origin and occurred while Mr. Seavell was in Richmond. The loss is about \$2,000. This is the sixth time that Mr. Seavell has suffered losses from fire within the past three years.

DAMAGE SUIT TRIED.
The jury in the suit of F. I. Fisher against P. H. Booth, for \$10,000 damages gave a verdict in the Hastings Court this morning in favor of the plaintiff for \$2,250. No defense was made. This suit was brought by the plaintiff for injuries received by a train belonging to the defendant falling on him.

AWAITING SHIPMENT.
There is an immense quantity of lumber at City Point awaiting shipment to New York, Philadelphia and Balti-

BERKLEY NEWS AND ADVERTISEMENTS

THE ROBBERS CAUGHT.

Dr. Wise Was Not at the Meeting as Expected.

Colored Orators Substituted Suit Hearers Better Than the Candidate—That Awful Stench Last Night Came From a Cargo of Decayed Fish.

Another of Berkley's bold robbers was captured yesterday morning about 11 o'clock by a number of merchants doing business on Liberty street.

A negro went in the store of one of the merchants there with a pair of shoes, which he gave several yells of "thief." Other men joined in the chase and captured the negro beyond the guano factory about three miles away. They brought him out and turned him over to the officers, who put him in the lock up.

At the station he said his name that he was from Edenton, N. C., and gave his name as Claude Satchel, and said he had worked for Mr. J. C. Morgan on the Norfolk and Southern Railroad. He told of his "pals" and gave information as to their whereabouts. The Walker avenue extended, in whose house 13 pairs of the shoes were found, and Henry Moore, of Norfolk, both colored. They are all lodged at the station house and will have a hearing this morning at 9 o'clock.

BOX OF SHOES.
A box containing 32 pairs of shoes marked to P. Abrahamson, of Edenton, N. C., was found in the bushes near the Norfolk and Southern and Belt Line Y by Henry Mabry, a colored boy, who reported his find at the station house. Sergeant Rudd had the box taken to the station house. It originally contained 60 pairs of shoes. The agent of the Norfolk and Southern was notified, and he ordered the shoes held for further investigation.

About 50 pairs of the shoes have been recovered. The three negroes arrested broke the seal and took the box of shoes from one of the freight cars of the through freight Thursday night while it was waiting on the track at the Berkley Junction.

REPUBLICAN MEETING.
There was a meeting of the Republicans held at Odd Fellows' Hall, colored, on Walker avenue last evening, at which time it was announced that Dr. R. A. Wise, the Republican candidate for Congress from the Second district, would address the meeting. On account of later arrangements, which called for Dr. Wise to speak in Portsmouth instead, the colored people, who had gathered to give him an enthusiastic greeting, were disappointed. Many of them were content at hearing the able speeches of Elder T. A. Wood (colored), Mr. Columbus Lassiter, of Suffolk; Elder L. M. Levy, and others. One of the colored men said they surpassed anything their candidate could do.

THAT AWFUL STENCH.
The schooner John Curtis that was in collision with the tug-boat Trenton in Hampton Roads several days ago and disabled and towed to the Berkley flats, where it sank with a cargo of fish on for one of the guano factories, was relieved of her cargo yesterday by the barge James Marshall. The W. H. French Wrecking Com-

pany will begin raising her to-day, after which she will go on Colonna's railway. The cargo of putrefying fish has become a stench. It is a case for the Health Board to diagnose.

BRIEF MENTION.
Mr. W. J. Beasley is quite sick at his home, corner of E and Key streets.

Mr. Herbert Davenport, formerly of this town, was married in Elizabeth City, N. C., last Wednesday evening.

The B. Y. P. U. of the Berkley Avenue Baptist Church, was conducted last evening by Mr. L. B. Allen. The topic of the evening was, "Paul, the Missionary, and the Secret of His Success." The attendance was quite large.

The Cummer Company's saw mill shut down until Monday for want of logs.

The electric light cable from Norfolk has been completed, and the Berkley management will begin serving the people from Norfolk about the 1st of November. The citizens who have been annoyed by dim lights think they will get better service.

Rev. T. C. Skinner, of the Berkley Avenue Baptist Church, is conducting a series of revival meetings at Windsor, N. C.

See Mr. L. P. Humphries' advertisement of the Berkley Dairy Lunch, offering to furnish hot French drip coffee and good meals at all hours, day or night.

Berkley Avenue Baptist Church, Rev. T. C. Skinner, pastor—Preaching at 11 a. m. and 7:30 p. m. Morning subject, "Firmness," evening, "Pleasures of Sin." Sunday school at 9:30 a. m.

Armstrong Memorial Presbyterian Church, Rev. W. A. Slaymaker, pastor—Preaching at 11 a. m. and 7:30 p. m. Sunday school at 9:30 a. m. Mid-week service at 7:30 p. m.

more. It is said that it is almost impossible to get schooners on which to ship this lumber to its destination.

A train of thirteen box cars and flats loaded with lumber left here this morning for City Point.

DEMOCRATIC OUTLOOK.
Major R. F. Lassiter, the Democratic candidate for Congress, told the Virginian-Pilot, correspondent this morning that the outlook in the Fourth district was very encouraging for the election of the Democratic ticket, provided the present condition of things could be maintained.

THE OBSTRUCTION ORDINANCE.
The "obstruction" ordinance, which was passed by the City Council a couple of months ago and is considered by our business men and others as a most drastic measure, will be slightly amended by the Street Committee and then presented to the Council.

ANOTHER DAY OF PRESBYTERIAN SYNOD.

moral services. Memoirs were read of the following ministers who have died since the last meeting of the Synod. The memoirs of Rev. J. Harry Gilmer read by Rev. E. R. Leyburn; that of Rev. I. N. Neff, D. D., by Rev. Robert Gray; of Rev. A. B. Saunders by Rev. C. B. Hundley; of Rev. Dr. F. M. Whaling by Rev. M. W. Doggett, and Rev. Chas. H. Reeds by Dr. J. P. Smith, which closed the reading of memoirs, and they were approved.

The Synod next heard an address from Rev. Dr. S. H. Chester, Secretary of the General Assembly on Foreign Missions. The Doctor confined his remarks to the work in China and Japan. The address was full of interest and gave an encouraging outlook for China and Japan.

CAPE CHARLES.

JONES AND KENDALL ADDRESS THE PEOPLE.
(Special to Virginian-Pilot.)

Cape Charles, Va., Oct. 26.—Congressman W. A. Jones and the Hon. G. S. Kendall both delivered rousing speeches to the citizens of Capeville and surrounding country in this county this afternoon. Judge Kendall seemed at his best and scored the Republican party for their Imperialistic policy, while Mr. Jones handled without gloves the gigantic trusts of this country.

Mr. Jones will get the full Democratic vote on the Shore and many Republican admirers will also cast their ballots for him.

ACTIVITY OF THE REPUBLICAN CANDIDATE FOR CONGRESS.
Cape Charles, Va., Oct. 26.—The Hon. J. M. Stubbs and Malcom Coles are on the Eastern Shore, and both addressed the voters of Cape Charles last night.

Mr. Stubbs expressed himself as very

sanguine of election, in fact made the declaration that "I will be the next Congressman from the First District."

In speaking of the character of the vote on the Western Shore he said that there was much dissatisfaction with Jones, and that he (Stubbs) would come to the Eastern Shore with 5,000 majority.

Mr. Stubbs and Cole will remain on the Peninsula until after court day at Accomac on Monday next and would like to secure a joint debate with Jones and Montague, who will be at the court house on this date.

Many of the citizens of Cape Charles and Northampton county went to Salisbury on Wednesday, and Mr. Stubbs is depending on apathy to help his cause on the Eastern Shore he has been unfortunate in the selection of the date for his visit, as everyone is full of Bryan and Jones enthusiasm.

WILLIAMSBURG.

A BEAUTIFUL HOME DESTROYED BY FIRE.
(Special to Virginian-Pilot.)

Williamsburg, Va., Oct. 26.—Avondale, the beautiful home of Mr. Frank Wolfe, was entirely destroyed by fire this afternoon about 5 o'clock. All of the furniture was saved, but much of it is in a more or less damaged condition.

There was \$1,200 insurance on the house in the Old Mutual of Richmond, but nothing on the furniture. No one was in the house at the time but one servant and a little child.

How the fire originated is a mystery.

SIMPSON HOSPITAL SOLD.

THIRTY-SEVEN BUILDINGS GO UNDER THE HAMMER.
Old Point Comfort, Va., Oct. 26.—Thirty-seven buildings, comprising the Josiah Simpson General Hospital, near Phoebus, were sold at public auction yesterday. Bidders were present from all over the country. These buildings were used during the Spanish war, and some two thousand sick and wounded soldiers were brought there from Cuba.

The buildings sold for a mere song, as compared with what they were worth, but Uncle Sam had no further use for them, and they were put under the hammer.

Registration Books Stolen.
(Special to Virginian-Pilot.)

Richmond, Va., Oct. 26.—The white registration book at Warrenton, with 200 voters on it, has been stolen. The Electoral County Board will likely order a new registration but are in doubt about the law.

SUMMER HEAT—This is the season for bowel complaints. Green apples and cucumbers are good, and PAIN-KILLER DAVIS' PAIN-KILLER cures them. To the troubled stomach it comes like a balm, the wind is assuaged, and the trouble over. Every drugstore in the land keeps Pain-Killer, and no one should be without it in his family. Avoid substitutes. There is but one Pain-Killer, Perry Davis'. Price 25c. and 60c.
